MEMORANDUM

TO: Unit Code Administrator
FROM: Mark Taggart, Chair of the Faculty
DATE: November 20, 2006
SUBJECT: Review of Peer Review Procedures and Instrument(s)

Peer review continues to be a part of our current faculty evaluation process. The 2005 revised Peer Review Instrument includes Distance Education Peer Review (attached) to aid those faculty teaching DE courses. As stated in the original 1993 Peer Review Procedures (attached) academic units have the option of selecting other instruments and procedures to conduct peer review, once approved by the appropriate vice chancellor. Both of these documents are available online at http://www.ecu.edu/cs-acad/facdev/peer.cfm.

Also stated in the 1993 resolution is a caveat that the Chancellor appoint a committee to conduct a three year validation study on the original peer review instrument. I have asked members of the Academic Standards Committee to undertake this three year validation study and report preliminary information to the Faculty Senate in April 2007. The results of the three year study may necessitate additions and/or deletions in the procedures and/or instrument being used.

In preparation, and as a follow up to the Administrator/Personnel Committee Workshop held earlier this semester, I am writing to ask that you review the attached Peer Review Procedures and Instrument and, if your unit has sought one, your unit's approved Modified Peer Review Instrument (attached) and let Dorothy Muller, Co-Director of the Center for Faculty Excellence know if either or both of these documents are currently being used in your unit. Please also let Dr. Muller know the number of peer reviews documented this year in the Personnel Action Dossiers compiled.

The Academic Standards Committee, chaired by Linda Wolfe, will begin its work on this important issue in early Spring 2007. Please do not hesitate to contact me at 328-6537 or Professor Wolfe at 328-9453 if you have questions about this request.

Thank you.

Subject: CDFR Procedures and Instrument for Peer Classroom Observation

The Department of Child Development and Family Relations is using the Faculty Senate Procedures and Instrument for peer classroom observation. The only variation in the procedures is to allow the chair of the Personnel Committee to manage the distribution of observers to ensure that all eligible observers have equal chances of being selected. The department is also requiring the inclusion of a narrative account as part of the instrument with an additional written narrative of clinical classes. The department plans to assess its experiences with the instrument after one year’s use to decide if it needs to make modifications.

The department’s current modifications are consistent with the requirements as stated in “Minimum Criteria for Unit Peer Observation Plan” issued by your office on March 5, 1996. I recommend approval of the department’s peer classroom observation procedures and instrument.

Please send notification to Professor Cynthia E. Johnson, Chair, Department of Child Development and Family Relations. A copy should also go to Professor Mel Markowski, chair, Personnel Committee.

RE:       Peer Classroom Observation Procedures and Instrument

The faculty in the Department of Child Development and Family Relations have discussed the classroom observation procedures and instrument and I submit to you the departments' decisions.

Instrument. The faculty will use the approved Faculty Senate peer classroom observation instrument and procedures. A narrative will accompany each observation with an additional written narrative of clinical classes. After this academic year, the faculty will reassess the instrument to determine its effectiveness for meeting the needs of the classes in CDFR.

Procedures. The CDFR Personnel Committee will coordinate the peer observation process. Tenured-track faculty will be observed by tenured faculty. Each tenured-track faculty members will select one peer observer and the Personnel Committee will randomly select the second peer observer. If the second observer's name is selected twice in a row either by the same faculty or by another faculty, that observer can decline, and the next name is pulled. This procedure will ensure that all eligible tenured faculty have equal chances of being selected as peer classroom observers. A copy of the completed instrument and support documents will be placed in the observed faculty member's personnel file. The chair of the Personnel Committee who will coordinate the peer classroom observation process is Dr. Mel Markowski. He can be reached at x1333.

Please call me if you have any questions.

PEER REVIEW PROCEDURES
AND A SAMPLE COPY OF A PEER REVIEW INSTRUMENT

Peer Review Procedures and Sample Instrument with the following caveats:

1) that the instrument and procedures be used to assess and improve teaching;
2) that all observers be trained to evaluate teaching through special sessions to be designed and implemented later;
3) that the Chancellor appoint a committee of no fewer than three members to do a three year validation study on this instrument, the results of which may necessitate additions and/or deletions in the procedures and/or instrument; and
4) that departments have the option of selecting other instruments and procedures which would be approved by the appropriate vice chancellor.

Further, in accordance with the spirit of multiple evaluation procedures, the professor is recommended to supplement the results of the observations with any additional appropriate evidence of effective teaching such as portfolios, student evaluations, etc.
