Hello Professor Rouse,

Hope you are doing well, I just wanted to tell you thank you for all your help these past two years. You have no idea how much you have impacted my life. I can truly tell that you care about your students and want to help them the best you can. I am so thankful that I can continue to reach out to you for advice and assistance even as a former student. If it wasn't for you, I would have never decided to double major in HSM and HIM but I am SO glad I did. You were one of, if not my favorite professor throughout my college career and I think many other class members would agree. Thank you for everything, I don't think I will ever be able to fully express my gratitude for you.
