Katie,

I had the chance this week to finally see your magnificent sculpture and prints at our facility. Unfortunately I was unavailable during all of the festivities as I was out on sabbatical for most of August. My apologies I couldn't be in attendance.

Your piece wonderfully speaks to its context and is such a beautiful work of craftsmanship and concept. Thank you for working with us. I have heard nothing but rave reviews. And I am not exaggerating when I say I know we got the best piece out of all of the Public Collection.

I hope you will be given many other opportunities to share your incredible talent with our city. Please let Richard and I know if we can ever be of assistance or support to you.

Sincerely,
Michael Kaufmann
