Dr. [REDACTED],

I hope you had a great first semester here at ECU. I just wanted to send you a follow up email to let you know how much I enjoyed taking your [REDACTED] class, as well as attending the numerous trips that allowed me to broaden my knowledge of the [REDACTED] field. This class has not only taught me more about [REDACTED] but it allowed me to determine that [REDACTED] is the career path that I want to build a career and life around. Thank you again for the endless opportunities that you gave me through out this class.

Best,

[REDACTED]
